OMB 0648-0295 exp. 31 Oct. 2001

NOTICE

The information you furnish is mandatory and is intended to assist search and rescue teams in locating your craft in the event of beacon activation. The information will be provided to USCG or USAF Search and Rescue (SAR) teams as appropriate in the event of beacon activation. It will also be used to conserve SAR resources by virtually eliminating all false alarm deployments.

All registration forms will be entered into the 406 MHz Beacon Registration Database within 48 hours of receipt. A confirmation letter, a copy of the actual registration, and a proof-of-registration decal will be mailed to you within two weeks. When you receive these documents, please check the registration information carefully and affix the decal to your beacon. If for some reason you do not receive confirmation back from NOAA, please call toll-free 1-888-212-7283 for assistance.

Solicitation of this information is authorized by Parts 80 and 87, Title 47 CFR. Failure to register this 406 MHz beacon with NOAA could result in monetary forfeiture being issued to the owner.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to:

Although the information provided will become a matter of public record, there is no intent to circulate the information furnished beyond its intended purpose, i.e. to assist SAR forces in carrying out their mission of rescue and false alarm abatement. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
